MEMORANDUM FOR THE RECORD

Morning Meeting of 25 July 1969

25X1

DD/I alerted the Director to the President's plans to be in California from 8 August through 5 September and said that according to the Attorney General's office any NSC meetings required during this period will be held in California.

DD/S noted that he will be meeting today with Jim Clark and Bill Fischer of the Bureau of the Budget to discuss some increase in our supergrade positions.

In response to Maury's question the Director asked that the DD/S&T, Bruce Clarke, and Carver accompany him for his scheduled appearance before the Rivers Committee.

Maury reported that we have an opportunity to desensitize the transcript of the 17 July closed session of the full Senate debate on the ABM. DD/I expressed the view that this could be accomplished by Bruce Clarke's working with William Baroody of DOD.

Maury reported that Jay Sourwine met [redacted] preparation for his scheduled appearance before the Senate Subcommittee on Internal Security.

Maury related that Senator Russell has asked for a paper on Soviet CBW capabilities.
